Dear Mr. Greene,

This letter is to acknowledge your Notification of Tank Closure as received March 31, 1989.

The results of the required assessment (40 CFR, Part 280.72) should be submitted to this office no later than thirty (30) days after the tank is closed. If there is evidence of a release or suspected release, it must be reported within twenty-four (24) hours.

Groundwater Section staff will be conducting random site visits to ensure that underground storage tank closures are conducted as required in 40 CFR, Part 280.71. Any violations will be submitted to EPA with a request for enforcement.

You may contact John Stewart or me at the letterhead address or phone number if you have any questions concerning these requirements.

Sincerely,
